Saul Greenberg
University of Calgary, Canada

Jonathan Grudin
Microsoft Research, U.S.A.

Simon Kaplan
University of Queensland, Australia

Dongman Lee
Information and Communications
University, Korea

CALL FOR PARTICIPATION

We proudly announce the First International Conference on Collaboration Technologies (CollabTech 2005) to be held in Tokyo, Japan on July 15-16, 2005. This conference is organized by the Special Interest Group of Groupware and Network Services, Information Processing Society of Japan. CollabTech is a single-track conference focusing on collaboration technologies.

SCOPE

- CSCW systems architectures and applications
- Interfaces for human-human interaction
- Group decision support systems
- Theories, tools and methods for concurrent engineering
- Internet, Intranet and CSCW
- Computer supported cooperative design
- Shared virtual environments
- Collaboration technology in pervasive/ubiquitous computing
- Other related areas

IMPORTANT DATES

- **June 20, 2005:** Deadline for early registration
- **July 15-16, 2005:** Conference in Tokyo, Japan
